SKILLS

Languages and Framework: Java, Python, OOPs, SQL, HTML, CSS, Javascript, React.js, Node.js, Express.js, MongoDB.

Tools: Visual Studio Code, IntelliJ, Postman, Git/GitHub, PyCharm, Eclipse, Jupyter Notebooks.

Coursework: Data Structures and Algorithms, Web Development (MERN), OOPs, SQL, DBMS, SDLC.

Certifications: IBM Full Stack Software Developer, Data Structures and Algorithms, Web Development, DBMS.

EDUCATION

Chitkara University

B.Tech in Computer Science

Punjab

July, 2020 - July, 2024

- **CGPA:** 9.64/10.00
- **Related Coursework:** Full-Stack Web Development, Data Structures & Algorithms, Objects Oriented Programming, SDLC, SQL, Database Management System, Scrum & Agile Methodologies.

EXPERIENCE

Amantya Technologies

Software Engineer Intern

Gurugram

Mar 2025 – May 2025

- Designed, developed, and optimized responsive, visually appealing web interfaces using React.js, JavaScript, HTML, and CSS, focusing on performance, accessibility, and cross-browser compatibility to deliver seamless user experiences.
- Collaborated with cross-functional teams including UI/UX designers and backend developers to implement dynamic front-end features, integrate RESTful APIs, and manage application state using React Hooks, and Context API.

DigiMantra Labs

Software Engineer Intern

Mohali, Punjab

Nov 2024 – Jan 2025

- Designed and Engineered interactive user interfaces with React.js. Ensuring seamless and engaging user experience.
- Built scalable and high-performing backend systems using Node.js and Express.js, implementing RESTful APIs to facilitate communication between frontend and backend components.

PROJECTS

StudyNotion

React.js, Node.js, Express.js, MongoDB

- **Fully Functional Ed-Tech Platform :** Developed a robust Educational platform using MongoDB, Express.js, React.js, Node.js for seamless performance and scalability.
- **Interactive Learning Experience :** Enriched the platform with interactive features to engage students in learning activities, ensuring a immersive education experience.
- **Instructor Engagement with Secure Access :** Developed a platform for instructors to showcase expertise and engage a global audience, featuring secure user authentication with Node.js, Express.js, and MongoDB.

COVERCART

React.js, Node.js, Express.js, MongoDB

- Facilitated the development of a MERN stack e-commerce platform, ensuring seamless integration of MongoDB for efficient data management and storage of product information, user data, and order details.
- Implemented essential features including user registration and authentication, an admin panel, shopping cart, checkout process, and order management.

MOVIEFLIXDB

Javascript, React.js

- Crafted an immersive front-end experience for a React movie application, seamlessly integrating the TMDB API to facilitate extensive movie searches, trailer viewing, and dynamic database interactions for users.
- Engineered a robust search functionality that empowers users to locate movies by title, providing instant results and significantly enhancing the overall user experience, utilizing JavaScript, React.js, and Axios for development.

Achievements

- Successfully solved 500+ coding questions on LeetCode, Geeks for Geeks, and Code studio, demonstrating strong problem solving skills and coding proficiency.
- Contributed to live Web Development projects, showcase expertise in both Front-end and Back-end development.
